The Detroit Public Library is pleased to offer a robust selection of computer classes for customers. Library locations throughout the city provide technology instruction on a wide range of topics, from group classes to one-on-one assistance. In this catalog, you will find courses from basic computer skills, to Microsoft Office software, an introduction to the internet, to help searching and applying for jobs online. The classes are arranged by topic, and within that by library location and date and time. Each section of classes has their own QR code which will allow you to register. If you have questions about specific courses, please contact the library branch hosting that class. For the most up-to-date information please visit our website at: www.detroitpubliclibrary.org

IT Job Training

at the Technology, Learning & Career Center (TLC) Main Library

Learn important job-related technology skills with the Cisco Networking Academy at the Detroit Public Library. Cisco Networking Academy offers free, online, self-paced classes, including classes that prepare learners to pass industry-recognized IT certification exams.

Registration is required. Contact the TLC at (313) 481-1363 or tlc@detroitpubliclibrary.org to register. Take these classes on your own or join a study group and work through the classes with other learners and DPL staff facilitators. All Study Groups take place in the TLC at the Main Library on Wednesdays from 6:00 to 7:30 pm.

The study group classes from July - September 2026 will review four courses and prepare participants to get certified for the Cisco Certified Support Technician - IT Support certification.

Study Group Class Schedule:

- **“IT Customer Support Basics”** – Wednesday, July 1 & 8: 6:00 – 7:30 pm
- **“Operating Systems Support”** – Wednesdays, July 15, 22 & 29, August 5: 6:00 – 7:30 pm
- **“Security and Connectivity Support”** – Wednesdays, August 12, 19 & 26, September 2: 6:00 – 7:30 pm
- **Hardware and Upgrade Support”** – Wednesdays, September 9, 16 & 23: 6:00 – 7:30 pm

Receive an introduction to the computer and learn basic skills, or brush up on your knowledge with a refresher course.

“Ask a Tech” Tutorials

Offering one-on-one computer assistance. Explore topics and ask questions on your specific issues with the assistance of a Technical Training Associate.
