

Index of Records for Roman Catholic Churches and Institutions from the Archdiocese of Detroit

The Roman Catholic Church Records from the Archdiocese of Detroit are on microfilm and represent 78 different parishes throughout southeast Michigan. The records cover the years 1704-1930. The types of records include: baptisms, first communions, confirmations, marriages, and deaths.

Each type of record, however, is not available for every parish. Furthermore, date ranges for each type of record vary within a parish. The entry for St. Anthony, for example, looks like this:

Baptisms	1857-1919
First Communions	none
Confirmations	1893-1930
Marriages	1892-1914
Deaths	1866-1930

If you did not find the record you were looking for, you should inquire at the parish directly. If the parish is closed, check with the Archdiocese of Detroit, which serves as the repository for the records of closed churches.

Sacramental records are not searchable by name alone, therefore, it's essential that you know the name of the parish. If you are not sure, the following items can help determine the parish: 1) nationality 2) area in which family resided in time of the event (sometimes this can be found in city directories at Burton) 3) priest (a specific priest can be placed at a parish through *The Official Catholic Directory*, available at the Archdiocesan Archives.

The Roman Catholic Church Records from the Archdiocese of Detroit are on microfilm and represent 78 different parishes. Geographically, the parishes are located in Detroit and throughout southeast Michigan. The records cover the years 1704-1930. The types of records include: baptisms, first communions, confirmations, marriages, and deaths.
